

# FLASHPOINT TESTER

---

MANUFACTURER : SETA

MODEL : 34000-0

---

## Applications

- Determination of the lowest temperature at which a product releases enough vapour to form a flammable mixture with air in contact with a flame or spark.

## Analysis

- Pensky-Martens closed cup module (34100-2)
- Cleveland open cup module (34300-2)

## Characteristics

- Temperature range : ambient to 400°C
